

15 Years Residential Warranty

The Residential warranty extension remains in effect for a duration of 15 years, commencing from the date of material installation. Ultra Stones LLC offers this residential warranty with specific terms and conditions, which are outlined below. It's important to note that this limited residential warranty is unique to the individual who registers their residential information in accordance with the instructions provided and cannot be transferred to another person.

Ultra Stones LLC exclusively handles the Residential warranty only for its materials. No other individuals or entities, including representatives, dealers, salespeople, distributors, or fabricators, are authorised to make commitments or represent Ultra Stones LLC when it comes to our products.

If Ultra Stones LLC identifies a manufacturing defect as the cause of any problems with the materials, we will take appropriate action to either repair or replace those materials. Ultra Stones LLC is committed to finding the most suitable solution for your situation.

The decision between repair and replacement will be made following the verification process, but please be aware that achieving an exact colour match is not guaranteed.

Terms and Conditions

- The warranty is valid only for materials provided by Ultra Stones LLC and installed during its initial purchase.

- This warranty is applicable only for the materials that have been installed following the guidelines and instructions of transportation, storage, handling, fabrication, and installation.
- If any damage occurs during the fabrication or installation process, the responsibility for addressing it lies with the fabricator/installer.
- Please keep in mind that if you find yourself unhappy with the colour or surface finish you selected, whether it's during or after installation, this warranty does not cover such a choice or preference change.
- Ultra Stones LLC won't be able to assist with any labour costs that arise when installing the replacement product.
- As a part of the warranty claim process, we kindly ask our customers to actively engage in the verification procedure within 5 effective business days. This involves taking photos and conducting detailed inspections. Your cooperation is greatly appreciated.

What falls outside the scope of the Residential warranty?

- If the material isn't installed or taken care of properly as per the guidelines.
- Issues caused by too much moisture, high alkalinity, or water pressure.
- Variations in color compared to what you saw in samples or pictures
- Discoloration due to overexposure to sunlight or heat sources.
- Normal wear and tears like surface scratches, chips, changes in appearance, texture, or shine.
- Dents and damage caused by objects like high heels, spiked shoes, rolling furniture, or chairs without protective pads.
- Problems caused by materials that react with issues like dye, mold, spills, burns, gouges, from accidents, or using abrasive pads while buffing.
- Defects that existed before the material was installed will not be covered.
- This warranty does not extend to materials used for flooring.
- Honed finished products are not covered.

- It does not cover products used in outdoor applications.
- Mitered edges are not covered unless they are cut correctly.
- Routine maintenance products are not included in the warranty.
- The warranty doesn't apply to defects that arise from the fabricator's end during storage.
- Chemical-related damage is not covered.
- The usage of the material in unusual manners, such as when it is thermally bent or curved.
- The warranty will not apply if the material's thickness has been decreased.
- The use of mechanical fasteners directly on the material.
